The high school company that have been drilling for two weeks under Sergt. Chas. H. Pike, are to receive instructions in the manual of arms. The rifles are not the real thing, but a good substitute. They are wooden models of a regulation Springfield, but considerably lighter in weight, intending only to give the boys a knowledge of commands and a practical working system like their enlisted brothers.

Elden Stevens, George Locke, the carpenter and Quinn Pratt are making extensive repairs in and about the "Business Store". Hardware, shoes, clothing and many alterations will completely change the buildings. The whole roof is being shingled. Auto owners at the lower end will have gas right at home as a large tank is to be installed near the curbing opposite the store.

LOCAL PICK UPS, ETC.

Old Rose Juniors Made Good

Keeping strictly to agreement, Capt. Norman Parker and his old rose Juniors furnished a supper to the mile green contingent under Capt. Paul Nevers in the Congregational church vestry Wednesday evening. This marked the final lap of a contest that has been carried on in the Juniors' Endeavor Society for several months with excellent results. About thirty members gathered about the tables at 6:30 where frankfurts, rolls, sandwiches, cakes, whipped cream pies and cocoa were served. Norman Parker was the master of ceremonies, being assisted by the young ladies of his division who acted as waitresses. Mrs. Herman Bartlett gave several humorous readings which were enthusiastically received. The Junior Superintendent, Mrs. R. J. Bruce, Mrs. Herbert P. Andrews and Mildred Holmes arranged this pleasant affair.

Toy Shop Foreman Given Maybasket

Twenty workmen from the Mason Manufacturing Co. gave George H. Robertson a big surprise Monday evening in the form of a Maybasket filled with candy and other good things to eat. Mr. Robertson had been laid up more than a week from an injury received on the elevator at the factory, therefore, was not in condition to give chase. Glenn Andrews, who is practically one of the family, volunteered his services and wouldn't give up until every one in the party had been safely caught. On invitation the merry-makers went in, where the remainder of the evening was given to music and sociability. Mr. and Mrs. Robertson served ice cream and cake and shared the contents of the basket. Glenn received the larger share for his excellent stunt at springing.

Mr. Robertson is foreman of the dipping room in the factory, and his help was greatly appreciated. He will not return to work for the present as recovery is owing to the internal nature of the injury.

On Friday afternoon at 2:30 there will be a meeting of the members of Lake Temple Pythian Sisters at the home of Mrs. Mary Lewis on Mill street. Arrangements are being made to hold the annual roll call and supper, Tuesday evening, June 5th. The chairman of the supper committee is Mrs. Evis Cook and the chairman of the entertainment committee is Clara Schuener.

William Stanton, H. P. Andrews entertained the Parish Club at their home on Paris street Tuesday evening. A pleasant evening was enjoyed with games and music. The hostess served dainty refreshments of ice cream, fancy cakes and cookies. The June meeting of the Club will be with Mr. and Mrs. Albert J. Stearns of Orchard street.

A delegation from Oxford Chapter, No. 168, Order Eastern Star will attend the Grand Chapter at Portland, Tuesday and Wednesday, May 22-23.

With liabilities amounting to \$3,566.51 and assets of \$101, Leon B. Warner, of Norway, a box manufacturer, doing business as the Warner Box Company, has filed a voluntary petition in bankruptcy in the office of the clerk of the United States District Court. The liabilities are \$14,500, and \$44.50 of the assets is claimed to be exempt. Albert J. Stearns of Norway is attorney for the petitioner.

Mrs. Clinton S. Massek has been very sick at the home of Mr. Massek's sister in West Somerville, Mass., for over a week. They left Norway a week ago Sunday and barely got into Boston when she came down with a severe cold, which is now developing into pneumonia. She is now improving somewhat. They are enroute to their new Hampshire camp for the summer.

Round Pond has been harrowed with a team and nary a fish has responded. A woodchuck and three snapping turtles were discovered. The farmer on a rock and the latter on a log snapper themselves. Fred Chandler says he hasn't seen a fish though he kept a line set in the pond until an eel got into the pond and broke away from him. This is the nearest catch he has made.

Mr. Lunt, stopping at Curt Bickford's at Lower Stone Pond, says he has got one fish, but it's too small to keep. He was catching red fins in a minnow trap at the boat landing when he interviewed him. He said the Lovell folk had been over there but with no better results than he had.

Mr. Barker has been fishing in a small stream and got a few brook trout. Elder Gurney is in waiting at his island camp for college professors and fish which are expected to arrive any day.

Banks of snow and ice are in evidence by the roadside and in the woods. Only a few mud holes are in the road and those encountered were not bad. This condition, I am told, extends as far as Fryeburg and probably farther.

Mrs. Wilson, who presides over a store and a barrel of molasses at North Lovell, says a fair catch was made immediately after the ice left. Bert Adams has had a party of fishermen at his camp but are gone now. Bert Garcelon was away and you are not allowed to fish on Shirley brook and after getting some peanuts, the chariot was turned homeward.

Ernest Bartlett with Israelish instincts, was moving his flock and home from Stone Pond Paradise to the green fields and pastures of West Somerville. A pair of horses, a woman driver two children, household goods, cows and neat stock in hand constituted the Patriarchal procession. It was twice passed in the road and was a joyous greeting.

Much land is being plowed. Two ox teams were seen working. This looked like the days of old when farmers farmed and turned their motive power into the wheels of a one-horse plow. The plow and the oxen are still to be seen in the working. The horse is too quick and gasoline too fragrant for I'm old fashioned, anyhow.

The blackened wreck of the Elliott & Bartlett spool mill at Lynville marks the passing of a once prosperous business. For more than 40 years spools have been turned here and shipped to Rhode Island and elsewhere. White birch has become scarce and a fire last winter cleaned up the mill, but there are many cords of "squares" near by. These will be shipped away. Kilgore and Bartlett are looking for another location in a virgin white birch country. South Andover is understood to have been selected and they will have a mill in operation as soon as the machinery can be had.

Have you added your mite to the "Liberty Loan?" Do so.

The practical farmer laughs at the antics of his village companions. A man who calculates fine and accurately tells me he paid Ed Milllett \$18.00 for a pair of seal goat boots. He has worn them 18 years and says they are good for a few more years. Daylight saving plan was unanimously favored as a war measure by delegates of all the N. E. states at a recent convention. Why not set the time of the clock back 60 minutes? There is sense and a reason in so doing.

Men folks formerly wore long legged cow-hide boots and the fastidious had theirs made of calf skin, but this kind of footwear has passed away. Capt. Whitman now wears boots made of the ones who now indulge in such luxuries.

Have got 25 tons of soft coal in the cellar at a cost of \$262.50. Some years ago an equal number of tons of the same kind of coal cost \$61.25, an increase to me of \$171.25. Wonder how much of this increase goes to the digger in the mine?

A farmer hitched up to his old wagon the other day and brought a load of twenty-five bushels of potatoes to town. He traded his load for a new wagon, sold his old one to a second hand dealer for twenty dollars (more than the potatoes cost him to raise), and left for home over your name. Keep your eyes peeled.

"Don't kill your goose," says a correspondent and I am glad to pass good advice along. Biddy is paying her way much better than she did when eggs were sold for 12 to 20 cents a dozen as they have been frequently in the past.

Now grain is high, but eggs are too high and the latter will offset the former with the added probability that eggs will be much higher in the fall, one dealer predicting that we will see "eggs a dollar a dozen" before Christmas. So do not sell your hens, and raise all the chickens you can care for. What you do not want to keep can be sold at good prices.

Stop grumbling. Get up two hours earlier in the morning, and begin to do something out of your regular profession. Mind your own business and with all your might let other people's alone. Live within your means. Keep your hens yarded and do not permit them to bother your neighbor. Eat within moderation, and go to bed early. Talk less of your own peculiar gifts and virtues, and more of those of your friends and neighbors. Be cheerful. Fulfill your duties. Pay your debts. Be yourself all you would see in others. Be good, do good, and stop grumbling.

Water took out the black monster and carried me to North Lovell last Monday. The roads were good and the weather fine, the sun shone and the birds and frogs sang by the wayside. Mother, Fay and Dorothy and the boy, Cogswell went along for ballast and to keep me company and out of mischief.

I was told John Freeman was camping in Hobbs' Pond, but I didn't see him or the camp and haven't heard he has caught a fish since the ice left, but am aware he is industriously at it somewhere and will wear 'em out before the season closes. No one who fish a on Hobbs' Pond didn't even see a boat in the expanse of water and I am of an opinion Mell Sampson lied when he told the story to keep Bob Seavey and the Tavern dudes away. Haven't heard of a trout being taken there. Have you?

South Paris Special Town Meeting

A special town meeting will be held Saturday, May 26, for the purpose of seeing if the town will vote to raise \$10,000 for the new high school building. The bids for the building of the school house closed Wednesday noon and a good number were received.

PREPAREDNESS

Whatever the outcome of the present conflict, it is certain that foodstuffs of all kinds will be in demand and will command a high price. Now is the time to make plans for a larger acreage of all field crops. It is also certain that farm help is to be scarce and very expensive. These things are therefore necessary and vital for the season of 1917.

GOOD FERTILIZERS

FRESH AND RELIABLE SEEDS

IMPROVED FARM MACHINERY

We have now in stock plenty of Bradley's and also Rogers & Hubbard's Fertilizers, of all the best brands, on which we can now make the most favorable prices. Better secure them at once. The materials of which they are composed are going higher every day.

High Grade Field and Garden Seeds are now in store and we are receiving them every day. Some seeds are a little higher than last year, but our Bulk Garden Seeds, Peas and Beans are the best values to be had. Those who buy early will get the best trades.

Everything in Agricultural Machinery we have now in stock at prices far below the present market. Sulky and Swivel Plows, Disk and Spring Tooth Harrows, Clark's Cutaway Harrows, Spreaders, Walking and Riding Cultivators, Weeders, Grain Drills, Garden and Hand Drills, Seeders and Hoes and many others. All the above articles that we now have in stock we can sell at prices much lower than we can now buy them.

The comfort and safety of our nation, for the next year, depend on the farmer and on the use that he makes of SEEDS, FERTILIZERS AND IMPLEMENTS.

PEPSIN NUX IRON and

Sarsaparilla—Fine Course of Medicine.

Physicians and pharmacists have long known the desirability and difficulty of combining iron—a nutritive tonic—in a blood-purifying, appetite-giving medicine.

The combination of the iron with Hood's Sarsaparilla has now been secured through the happy thought of prescribing Peptonon Pills in connection with the Sarsaparilla—the latter to be taken before eating, Peptonon Pills after.

In this way the two medicines work harmoniously, giving four-fold results in blood-cleansing and up-building, in many cases.

Peptonon Pills include pepsin and iron,—note the name, Peptonon Pills,—nutriment, manganese, other tonics, digestives and laxatives.

What better course of medicine can you imagine for this season? You get blood-purifying, appetite-giving, liver-stimulating qualities in Hood's Sarsaparilla and great strength-makers in Peptonon Pills. Buy these medicines today.

You Can't Afford To Pass It Up Is Leonard's Advice

Well Known Salesman Makes Statement Without Qualifications on Tanlac.

"Any one suffering with the same troubles I had can't afford to pass up Tanlac," declared C. A. Leonard, well known salesman of 21 First Avenue, Auburn. "I am recommending Tanlac for the great benefit it has brought me," Mr. Leonard explained.

"I had a bad case of catarrh of the stomach," he continued. "This brought on a general run down condition. I felt all dragged out all the time. I was tired most of the time and had no ambition."

"My food would not digest but instead it soured in my stomach and caused dizzy spells. Tanlac was recommended to me by my sister and I began taking it."

"Now my food agrees with me and is building me up. Dizzy spells are a thing of the past and I feel like living now."

"Statements like this show how Tanlac appeals to the best people everywhere," said the Tanlac Man. "They judge Tanlac fairly and when they are convinced of its merit they do not hesitate to endorse it."

Tanlac now is being specially introduced in Norway at F. P. Stone's drug store. There is a Tanlac agent in every Maine town. Nearby Tanlac agents are South Paris, C. H. Howard; Harrison, Eugene Tenney; Bridgton, F. E. Stevens; Waterville, L. R. Rounds; East Waterford, R. E. Pinkham; West Paris, S. T. White.

What You Get for What You Pay.

In the clothing field, as in every other, there are certain prices at which one's money brings the greatest possible return.

To pay less is unwise—you sacrifice quality in some form or other. But sacrifice you do—whether it be in appearance, fit, quality or comfort, lowness of price has cost you desirable quality.

To pay more is foolish—for beyond the true "value price" lies extravagance. What, then, is the value price, who determines it and how? Answer these queries and you have answered the question of "what suit to buy."

Now value is simply a matter of what you get for what you pay—it is determined by the ratio of quality to price. The true "value price" is that at which you get the most for your money, in those qualities that are essential to your permanent clothes satisfaction.

Clothes from the House of KUPPENHEIMER are the kind with perfect fit, style and fabrics. And above all, Guaranteed Satisfaction. Come in and look them over.

Mrs. W. S. Jackson. The sad news of the death of Addie, wife of W. S. Jackson, of whom we spoke last week as having measles following pneumonia, has caused a large amount of regret and sympathy among all acquaintances and friends. She was stricken with a disease of the eyes several years ago which resulted in total blindness, which was a great disappointment to her making her timid, so that she rarely left home.

Her husband sympathized with her in this affliction and never tired of informing her of all that transpired both around home and through the press and so she was as well if not better acquainted with proceedings of the outer world as the best of us who could see to read, also every other comfort and amusement that she enjoyed was furnished her. She was the daughter of the late Benjamin Chandler and Emily Bicknell Lurvey and was born about 64 years ago. Of her relatives, beside her husband who survives, are one brother, John Lurvey, Mrs. G. H. Young and Mrs. L. H. Emery of West Paris, Mrs. W. J. Curtis of South Paris and Mrs. Robert Crockett of Bryant's Pond, a step-daughter, Mrs. Angie Scribner of Paris and a step-son, Edwin E. Jackson, West Paris. The funeral was held Monday afternoon from her late home on Maple street. Rev. D. A. Ball officiated. There were six automobiles in the procession. Interment in West Paris cemetery.

Hansom as a representative of the trustees of the library gave a short address in accepting the gift. The exercises closed with the singing of "America" by the large audience.

As the people dispersed they were directed to Main street and lined up on the sidewalk while E. H. Young to the stirring call of the bugle, raised a flag above his store.

Come see these shingles today. We have a wide assortment of building materials awaiting your inspection.

On account of the high cost and the difficulty in getting shipments, we have laid in a stock of the above shingles. They are not any more expensive than the white cedar shingles at present prices and in addition to this, they are FIRE PROOF. This is quite an item.
